TruGen3[®]
Three Generations of Truth in Nutrition

A scientific formulation designed by a team of medical professionals to deliver optimal support for healthy recovery and inflammatory response.

- 1 Cannabidiol (CBD) from broad spectrum hemp extract
- 2 Curcumin from turmeric root extract
- 3 Beta-caryophyllene (BCP)
- 4 Vitamin D3 (as cholecalciferol D3)

POWERED BY VESISORB[®]

- ✓ Patented and Clinically Proven Delivery System
- ✓ Dramatically Increases Bioavailability & Absorption
- ✓ Long History of Safe and Effective Use
- ✓ Improves Shelf Life and Stability

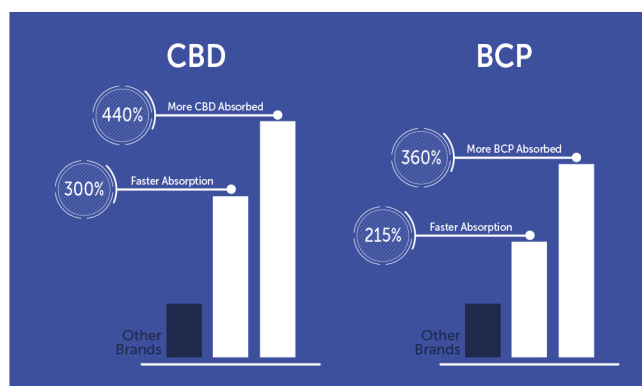

QUALITY ASSURANCE

- ✓ 100% USA Grown Hemp
- ✓ Proprietary Supercritical CO2 Extraction
- ✓ Human Studies For Safety & Performance
- ✓ Triple Lab Tested (ISO17025)

Safety. Purity. Performance.

TruEase[®] + Curcumin is a doctor-formulated natural product combining four science-backed and synergistic ingredients (15 mg CBD, 50 mg curcumin, 7 mg BCP, 200 IU vitamin D3) for optimal recovery and healthy inflammatory response. This product utilizes the VESIsorb[®] delivery system for dramatically improving the efficacy of these key ingredients, ensuring that the maximum health and wellness benefits are received.

It is well-known that many of the essential natural ingredients that support recovery and inflammatory response have low bioavailability and are poorly absorbed in the human body after consumption. To address this, Everyday RECOVERY utilizes a patented delivery system, VESIsorb[®], so health-conscious consumers can receive the maximum benefits from this synergistic 4-in-1 formulation. Our medical and scientific advisory counsel selected VESIsorb[®] due to its 30-year history of safe and effective use with safety data that is backed by peer-reviewed, published studies. In a recent published study*, CBD and BCP formulated with VESIsorb[®] demonstrated significant improvements in absorption and bioavailability.
